

Coach Teacher Licensing

NOTES FOR Teachers/Coaches:

If you start with what qualification you have
i.e. if you're a level 2 teacher or full teacher then go to the section on Level 2.

For a provisional licence you need to show evidence (original documents) of satisfying the mandatory criteria at the top of the page. If you can satisfy enough electives you could qualify for the full licence.

Note - for verification of teaching/coaching hours (mandatory also within the electives) please have a club official/supervisor coach or equivalent sign on your normal weekly coaching hours and for how long you have done this. In doing so you can be awarded on the mandatory element and calculate your elective points.
